

EVERTON RIDGE

HOMES

About Us

At Everton Ridge, we believe in building homes that foster connection, breed spirit and enable a healthy lifestyle. Where people feel empowered to live the way they want to – having everything they need all in one beautifully crafted home.

When a buyer chooses an Everton home and community as a place to live, retire and thrive, it drives us to continue challenging the status quo and ensure we never compromise on the experience and expertise we promise to our customers.

Today, after 10 years, we have built in six communities and welcomed home over 155 happy homeowners in the Vernon area and continue to learn and grow every day.

Vision

A home means more than a building with four walls, windows, doors and some landscaping. A home creates a launching point for living, a nest, a refuge, and a starting point for life.

At Everton Ridge Homes, we create custom homes with touches that reach beyond the conventional, setting us apart as builders of comfortable, lasting homes.

Why Our Clients Choose Us

LOCAL

Everton has been a local Okanagan builder for over the past decade. We employ local trades and purchase our materials from local suppliers whenever possible.

CUSTOMER EXPERIENCE

Our dedicated Customer Experience Team ensures that from purchase to move-in, all Everton homebuyers are supported throughout their entire build process and will have an enjoyable and seamless experience while working with us.

REFINEMENT

We pride ourselves on continually improving our home designs, whether it be staying on top of the latest design trends or tweaking our most popular home plans to better fit our buyer's evolving needs and lifestyle requirements.

Testimonials

“

We have had the absolute pleasure of working with Everton Ridge Homes over the past year and a half. We love our new home!

Similar to other Everton clients living in Ontario, [we] required creativity and strong communication from the Everton team to allow us to execute from afar on the many decisions.

The initial design of the home was an iterative process. The team patiently accommodated our many questions and changes, resulting in a design that captured a 'home away from home' space to welcome our family and friends..."

~ Michael & Gayle

“

We retired here last year, and it's proving to be a great decision!

The new house is all we'd hoped for and generates lots of compliments from friends old and new. Decorating it has been fun but with the early arrival of spring in Vernon (still snowing back in Alberta) we are spending more time outside now. The environment here is spectacular, clean and quiet, with long views across the lake and the nighttime sparkle of lights in town. And there's lots of wildlife and birdwatching opportunities too..."

~ Heather & Neil

“

Deciding to build our new home in the Okanagan (Vernon specifically) was easy; the area has so much to offer, with beautiful lakes, mountain views, wineries, golf courses, Silver Star Ski Resort, and so much more; we knew we could not go wrong.

Choosing to build with Jacob and the team at Everton Ridge Homes (ERH) was just as simple of a decision; since our first meeting, everyone we have dealt with has been absolutely fantastic. It's clear ERH has invested significant time and resources into developing programs and systems to guide you through the building process every step of the way..."
